

Floor Installation

As government flooring specialists, Gleaton Floor Covering is ready to assist you with installation services for all types of projects. Over the last 30 years, we've installed a variety of products for thousands of customers. On a daily basis we are working in South Carolina, North Carolina and Georgia providing quality installation for both small and large projects. Our installation crews are experienced in working around your time constraints and are able to coordinate tenant-occupied installation services.

We have the ability to offer you the best possible products, excellent service and best-value pricing. Our representatives can assist you in product sampling and consultation at no cost. If you need up-front assistance in specification writing and material estimation requirements, we'll help. Whether you have a requirement for carpeting, resilient flooring or even just matting requirements, we've got you covered. If you're a GSA customer, don't forget we can provide

complete installation services under contract!

The following is a sampling of projects we've completed. We hope you don't hesitate to contact us to assist in upgrading your flooring.

- Dining Facility, Ft. Jackson, S.C.
